Pet Care Concierge

Because your pets deserve care, too.

Pets are family, and taking care of them isn't always easy. That's why Wellthy, your benefit partner for caregiving support, has expanded to include help for your furry, feathered, and even scaly loved ones. Pet Care Concierge is here to make sure they get the care they need, when they need it.

Whether it's finding the right sitter, navigating insurance, or getting support for an aging or special-needs pet, Wellthy's dedicated Care Team can step in to help coordinate the details so you can spend more time enjoying the love and joy pets bring—and less time stressing over the logistics of their care.

Wellthy's Care Team can:

- Find trusted pet care providers including veterinarians, sitters, groomers, trainers, and boarding facilities
- Step in when family caregivers need extra help—whether that's arranging pet care for a loved one in poor health, or supporting pets through end-of-life transitions when an owner passes away
- Locate pet-friendly housing like apartments, hotels, or short-term rentals
- Set up recurring deliveries for pet food, medications, and other essentials
- Help you navigate pet insurance options and file claims
- Support care for aging pets or those with chronic conditions or special needs

Getting started is simple!

1
Scan the QR code or visit the link below and click 'Activate my Account"

2
Create your account and verify your eligibility

3
Tell us about your pet's care situation to get matched with a Care Coordinator
